

**Coleston Caprines Goat Milk Soap POSTAL ZONE CHART for Shipping within the U.S. / to U.S. Territories**

(For all other destinations, please contact us for a shipping quote.)

**Your Postal Zone is determined by the FIRST THREE numbers of your order destination Zip Code: this is your 3-digit Postal Zip Prefix.** For example, our regular 5-digit Zip Code is "97520"; our Zip Prefix is therefore "975."

**First use the Zip Prefix column to locate your own Prefix (or prefix range), then note the corresponding Postal Zone (on the left).** This is the Zone number you'll need to use with our Shipping Rates Schedule to find the correct amount for your exact postage. Your zip prefix should correlate with the general reference information on the right (state, city and/or regional names).

**Zip Code Prefixes begin here with "005" (at the top) and continue sequentially up to "999" (at the bottom).** Postal Zip Prefixes of lower numbers (closer to "005") are generally found nearer the east coast / eastern U.S., while higher Zip Prefixes (closer to "999") indicate west coast regions / the western U.S. All Postal Zones shown here are relative to the shipping zone of origin - in this case, Ashland, Oregon - so in general, the farther you are from us, the higher your zone number will be.

<b>POSTAL ZONE:</b>	<b>ZIP PREFIX:</b>	<b>State(s):</b>	<b>General Area or Region within State(s):</b>
Zone 8	005	NEW YORK	Mid-Island NY
Zone 8	006 to 009	PUERTO RICO & U.S. VIRGIN ISLANDS	San Juan (P.R. - 006-009); St. Croix, St. John, St. Thomas (U.S. V.I. - 008)
